

Year 5 Summer 1 -

Topic Overview: Who was the first Oba?

Throughout this topic, the children will develop their history skills as we explore the ancient society of Benin.

Hook:

<u>Trip</u>

Children will create Benin-style jewellery, including red bead necklaces and leopard bracelets.

We will be visiting the Museum of London Docklands to discovery more about Black History

Our Learning Overview

For our writing this term we will be creating a first person narrative detailing an escape from a wicked chief using an **English** "in media res" opening. In math, we will focus on decimal numbers, including addition, subtraction, and ordering. We will also explore the Maths metric and imperial units system, as well as deepen our understanding of capacity and volume. We are learning about the Benin Kingdom and its leaders by exploring artefacts. History <u>Art</u> We will be creating art inspired by Nigerian Artist Laulo Senbanjo. Our final product will be masks. Science In science, we will focus on consolidating previously taught skills to have a deeper understanding of all those concept. In personal development, we will learn how to deepen our understanding of mental health and keep ourselves RE & PD physically and emotionally healthy. In computing, children will understand 'selection' better by revisiting how 'conditions' are used in programming. In PE and Computing PE, children will learn different forms of invasion games and also practice running, jumping, and throwing in athletics. MFL We will continue using language nut to develop our skills in Spanish. In music, we will explore Nigerian music, especially the dwembe drumming. Music
